

SPACE Antennas

**BRIGHT CB antennas for Car and Truck
broadband communication**

MODELLO

LUX Antennas

COD.

C1257,
C1258, C1259

Midland Lux is the genesis of a **new line of CB antennas**, born to make special the installation of the best CB radio for cars and trucks.

It ensures the highest performance, and enhances the visibility at the best.

The antenna base is provided with a waveguide which **emits light when it is crossed by radio frequency**. It lights up automatically when the radio is transmitting, meanwhile indicating the equipment is correctly working.

The antenna needs no power supply and is totally **waterproof**.

The articulated joint has the particularity to **be anti-theft and anti accident**. Once locked, it is possible to remove the handle, so that it becomes impossible to unlock the antenna and its unwanted removal.
