10. CE Declaration of Conformity

Standards and guidelines

Alan Electronics GmbH hereby declares that the AE 6590 radio model complies with Directive 2014/53/EU. The full text of the EU Declaration of Conformity can be accessed at the following web address:

10.1. WEEE and recycling

European legislation prohibits the disposal of old or faulty electrical or electronic equipment in household waste. To dispose of the equipment, please take it to a collection point in your local area for recycling. This scheme is funded by the industry and ensures the environmentally sound disposal and recycling of valuable raw materials.
