

BLUETOOTH

MIDLAND "WA" - WIRELESS ACCESSORIES

Midland's new "WA" range of Wireless Accessories can be used with any Midland wireless transceiver (fitted with a 2-pin socket). All devices come with a rechargeable lithium battery, with a USB cable for charging.

The WA range includes:

Bluetooth adapter WA-DONGLE

for 2-pin radios, including Kenwood

Plug the WA-Dongle into your transceiver and choose from various headsets of the WA range to suit your needs.

Bluetooth headsets WA21/WA31/WA29

Each headset features a small PTT button. WA headsets can be used with all mobile phones with Bluetooth function.

Wireless PTT WA-PTT

Combined with a WA-Dongle, it allows you to transmit hands free without having to use the PTT button on the headsets.
