D10

The D10 is Midland's first **PMR446-DMR446** digital/analogue radio: Up to 50 hours of battery life in digital mode. Ideal for long distances and extended use.

Digital Radio

D10

D10. The new voice of digital. A **smart, reliable, and versatile** solution, designed for professionals and outdoor enthusiasts who want a **simple-to-use yet high-tech** tool. **The best of both worlds: digital and analogue.**

Automatically switches from digital to analogue mode for instant compatibility with traditional devices. Ideal for outdoor and hunting activities.

Key Points

- **Up to 14 km away**
- **Cleaner audio**, even at long distances
- **Up to 30% greater coverage** than an analogue radio
- Up to **50 hours** of battery life in digital mode
- **Greater privacy**, thanks to secret codes and customizable IDs
- Free to use

Digital Radio

D10

The D10 is the new frontier of portable communication from Midland: the **first PMR446-DMR446 analogue/digital radio** in our range, with a range of **up to 14 km**.

More power. More freedom.

Forget about constant charging: the **2600 mAh** battery guarantees up to **50 hours of battery life**, the highest in our entire range.

Furthermore, the device is programmable with advanced functions that expand its potential:

- **Custom channels:** flexible configuration designed to adapt to every need (e.g., work/leisure).
- **Quick channel access:** instant channel selection via two buttons, perfect for quickly switching between different usage contexts.

Features designed for those seeking maximum adaptability and versatility of use.

Scrambler for analogue channels:

The Scrambler function allows you to encrypt communications on analogue channels, making them more secure and confidential.

Digital Radio

D10

Technical features

- Frequency range 446/446.2 MHz › up to 256 channels divided into 16 banks.
- Crystal-clear communications
- Range up to 14 km (digital mode)
- 7.4 V, 2600 mAh Li-Ion battery
- Digital battery life up to 50 hours
- IP54 protection rating
- Voice announcements
- 50 CTCSS tones (analogue band)
- DCS codes: 116 "N" + 116 "I" (analogue band)
